

Hytera TC-580 Antenna Replacement

Replace the Hytera TC-580 portable radio Antenna.

Written By: Matthew

INTRODUCTION

You will be replacing the antenna on the TC-580 by hand, no tools required. This is useful if you are having issues with signal or the part seems physically damaged.

PARTS:

- [AN0460W19 OEM Hytera UHF Antenna](#) (1)
-

Step 1 — Antenna

- Twist antenna counter-clockwise and set damaged antenna aside.

To reassemble your device, follow these instructions in reverse order.
