## INTRODUCTION

The front-facing camera is an important of any modern tablet or laptop . This guide shows how to replace a broken or malfunctioning webcam on the HP Elite x2 1012 G2.

---

### TOOLS:

- [T5 Torx Screwdriver](#) (1)
  - [Suction Handle](#) (1)
  - [iFixit Opening Tool](#) (1)
  - [Phillips #0 Screwdriver](#) (1)
-

## Step 1 — Screen

- ⓘ Make sure the device is turned off before starting.
- Orient the device so the back is facing you, with the kickstand up.

## Step 2

- Remove the six 3mm Torx T5 screws underneath the kickstand.

### Step 3

- Turn the device over so the screen is facing you.
- Place a suction cup firmly onto a corner of the screen.
- Lift up gently until you see the screen separate from the casing.
- Repeat this process for all four corners.

## Step 4

- Lift the screen up and off of the device.

⚠️ Pry each corner up first, otherwise you may damage or crack the screen.

## Step 5

- Remove the two connectors on the back of the screen by lifting the connector tabs on the motherboard with a plastic opening tool and pulling gently.

## Step 6

- Remove the screen by gently lifting it off of the device.

## Step 7 — Front Webcam

- Orient the device so that the battery is closest to you.
- ⓘ The battery is the large, black rectangle at the bottom of the device.

## Step 8

- Remove the wire connector to the front webcam using a plastic opening tool. Hook the tool underneath the connector and pull up and back.

## Step 9

- Remove the connector immediately to the left of the front webcam's connector. Use a plastic opening tool to gently lift the connector up and out.

## Step 10

- Remove the connector immediately to the right of the front webcam's connector. Use a plastic opening tool to gently lift the connector up and out.

## Step 11

- Use a Phillips screwdriver to remove the Phillips M2.0x2.0 screw to the left of the webcam. Turn the screwdriver counterclockwise to remove the screw.

## Step 12

- Remove the webcam using a plastic opening tool to lift it up and off.

To reassemble your device, follow these instructions in reverse order.
