

Choker Necklace Jump Ring Replacement

This guide will show how to replace a clasp on a choker necklace that has lost the jump ring.

Written By: Katherine Gemmingen

**TOOLS:**

- [Small Chain Nose Pliers](#) (1)

**PARTS:**

- [Jump Ring](#) (1)

Step 1 — Jump Ring

- The materials include pliers, jump ring, and necklace.

Step 2

- Slide the jump ring through end of the lobster clasp.

Step 3

- Slide jump ring and clasp through the end of the necklace

Step 4

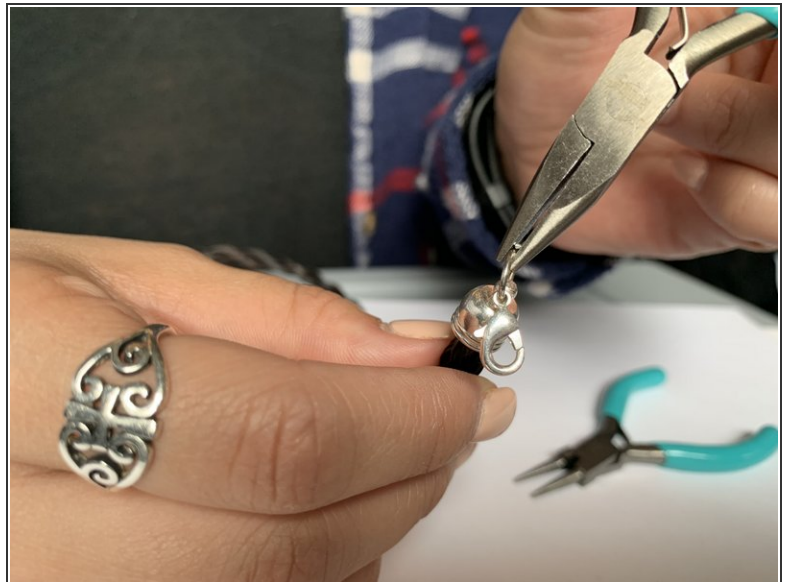

- Begin to pull the sides of the jump ring together using the pliers.

Step 5

- Going from the sides, use the pliers to push the jump ring closed.

Step 6

- Going from the top, squeeze the jump ring together using the pliers.

Step 7

- Once the jump ring is closed, secure the clasp on the other end of the choker.

Step 8

- The repair is finished.
