INTRODUCTION

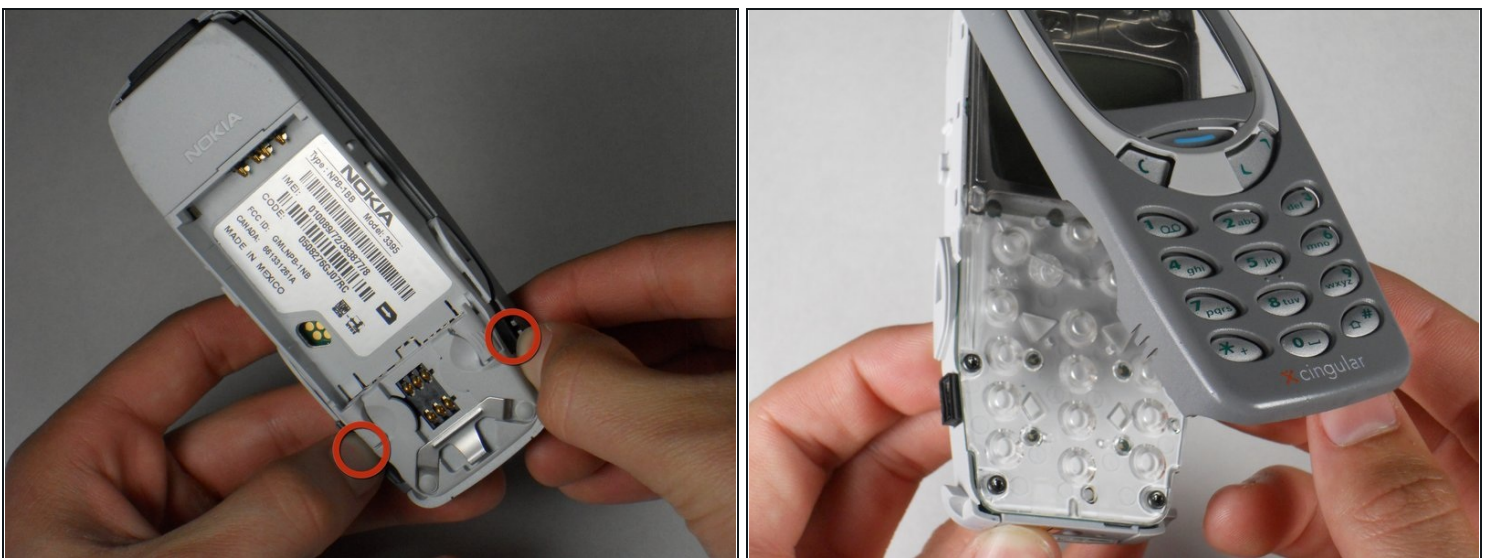

Removing the case from your Nokia 3395 phone is easy - all you need are your hands!

Step 1 — Back Case

- Turn the phone off.
- Hold the phone, and gently press the white button located at the bottom of the phone.
- While pressing the button, slide the back plate upwards, opening the plate.

Step 2 — Front Case

- Push the two black buttons on the side with your thumbs forward. This will release the front faceplate.
- Flip over the device, and pry the faceplate away.

To reassemble your device, follow these instructions in reverse order.
