

Samsung Galaxy Fame S6812i Battery Replacement

This guide shows different steps to replace the battery

Written By: hayat soufiani

TOOLS:

- [iFixit Opening Tools](#) (1)
-

Step 1 — Battery

- Turn the phone off and make sure your hands are clean. Use your thumb nail or the plastic opening tool to try open the back cover.

Step 2

- Use the plastic opening tool or your thumb nail to lift the battery out of the receptacle.
- Replace the new battery, assemble your phone and properly dispose of the old battery.

To reassemble your device, follow these instructions in reverse order.
