Asus VivoBook S200E-RHI3T73 Battery Replacement

Replace your dying battery to bring power back to your Asus VivoBook

Written By: Shilo Stuart

INTRODUCTION

If the laptop powers on when the charger is connected, but fails to power on or stay on when disconnected, then your battery may need to be replaced. This guide will show you how to replace the battery.
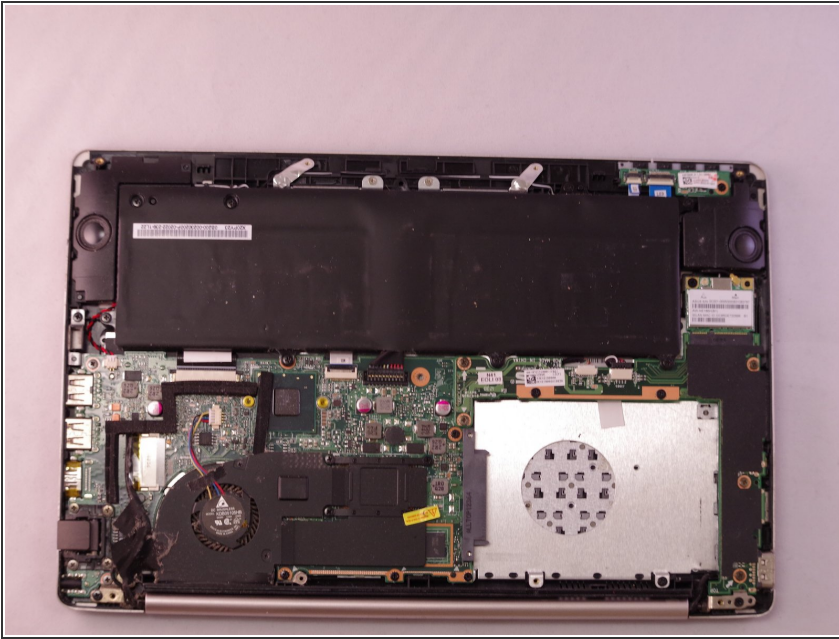

🔧 **TOOLS:**

- Metal Spudger (1)
- Phillips #0 Screwdriver (1)
- Tweezers (1)
- Spudger (1)

⚙ **PARTS:**

- Asus VivoBook F201E, Q200E, S200E, X201E, X202E Battery (1)

Step 1 — Battery

- Use a metal spudger to pry the bottom panel open.

⚠️ Be gentle around the edges.

- Lift the back panel to expose the inside of the laptop.
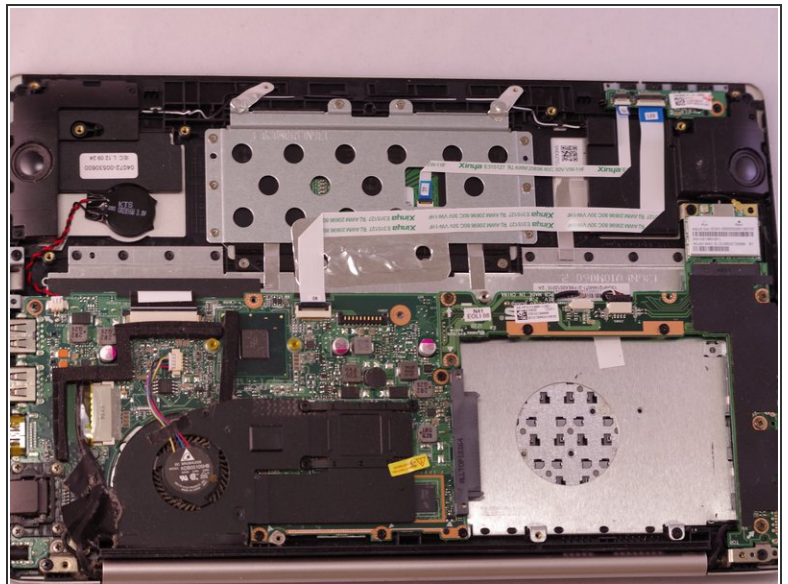

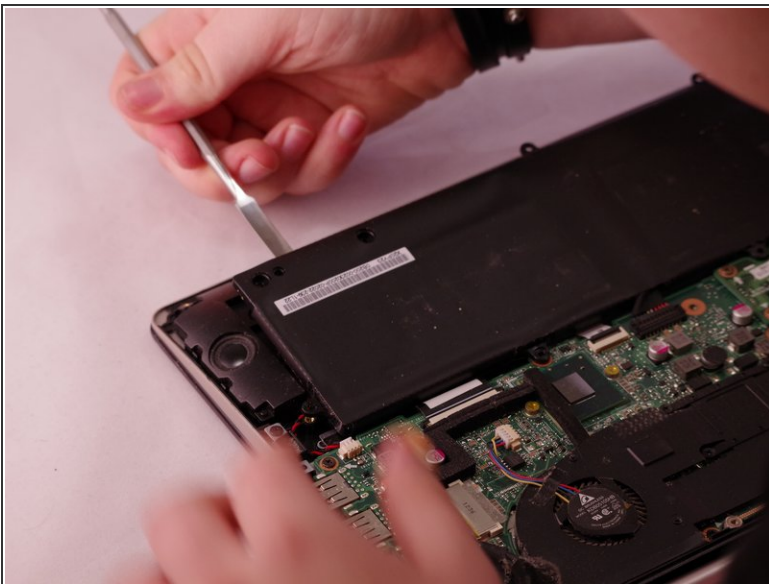

Step 2

- Using the same Phillips #0 screwdriver, remove the eight black 50mm screws surrounding the battery.

Step 3

- Using a set of precision tweezers, lift the motherboard connector tab.

Step 4

- Use a nylon spudger or your fingers to gently pry the battery up.

- Remove the battery.

⚠️ Metal spudgers can puncture an unprotected battery, potentially causing a fire.
