# Toshiba Satellite P50W-C Battery Replacement

This guide will show you how to replace the battery of the Toshiba Satellite P50W-C.
Written By: Lawrence Lozada

# INTRODUCTION

The battery is the main source of the device. Be sure to unplug the device from any power source before attempting to remove the battery.

🔧 **TOOLS:**

- JIS #1 (1)
- Heavy-Duty Spudger (1)
- Tweezers (1)

## Step 1 — Back Cover

⚠ Turn the laptop off, unplug the AC adapter, and any other auxiliary components.

● Turn over the laptop and proceed to take out the seven 5mm silver JIS #1 head screws. If some of the screws are difficult to take out use the tweezers to help.
## Step 2

● Use the screwdriver to take out the three 5mm black JIS #1 head screws that are located on the hinge.

## Step 3

- Use the spudger to pry under the back cover until it pops off.

## Step 4 — Battery

- Unscrew the four 5 mm JIS #1 head screws holding the battery to the device and gently remove the battery.
